## USEFUL INFORMATION

The products we offer are developed after many years' researches in a number of prestigious western institutes and are based on natural components, such as high quality purified *Helix aspersa* snail extract and different plant species. They help to faster tissue regeneration, to suppress inflammatory processes and to strengthen the immune system of the body. The products do not contain parabens, silicones, and artificial dyes in order to avoid irritations on sensitive skin types. They are suitable for every skin type and for every age, both for men and women. The unique properties of our products are due to the extract obtained from the garden snail *Helix aspersa*, which contains extremely important and valuable components such as collagen, elastin, allantoin, glycosaminoglycans, proteoglycans, glycolic acid, vitamins A, C, E, D – panthenol, as well as peptides and glycopeptides with antibacterial effect. The structure and contents of collagen and elastin are very close to those of the human body, which facilitates the skin recovery and regeneration processes. The snail extract successfully protects and prevents skin against adverse effects of environment causing early aging.

### THE PRODUCTS WE OFFER HAVE A WIDE SCOPE OF ACTION:

- They penetrate deeply in injured tissues and stimulate their recovery through the formation of collagen;
- They act effectively against inflammatory processes on the skin, such as eczema, dermatitis, psoriasis, etc.;
  - They stimulate wound healing;
- They strengthen the skin and recover its structure;
  - They effectively efface scars and acne;
  - They relieve the effects of sunburns;
- They quickly relieve inflammations, redness and itches;
  - They improve tissue immunity;
- They have favourable effect in case of gastro-intestinal problems, ulcer, gastritis, etc.;
  - They stimulate the immune system;
- They improve and relieve joint mobility and the general functional condition of the bone system; they reinforce joint cartilages and tendons;
  - They have favourable effect on liver, kidneys and excretory system.

## SNAIL ELIXIR FOOD SUPPLEMENT

The "Snail Elixir" Syrup (100/200 ml) contains snail extract concentrate and is intended for internal administration. It has favourable effect on the digestive tract and stimulates the immune system. It has antioxidant and toning effect. It is intended for common use and has pleasant apple fragrance. The syrup's antibacterial properties are due to a number of peptides and thus it may be successfully administered in parallel with antibiotic therapy against digestive system infections caused by *Helicobacter pylori*. It acts as a natural antibiotic and is more effective than medicines to which the human body frequently develops resistance. The concentration of copper containing peptides is noteworthy. They stimulate the formation of collagen and elastin and recover tissues and membranes. It is used in case of gastro-intestinal problems; ulcer, gastritis, heartburns and stomach aches; it stimulates the immune system; it is efficient in case of digestive system problems; the syrup's action is strengthened by additionally supplemented vitamin C, dexpanthenol and acacia rubber, which support regenerative processes together with the extract's natural ingredients.

**MANNER OF USE:** 2-3 a day, before meal 5-10 ml.

**STORAGE:** In the original package, at a dry place away from direct sunlight, at temperature up to 25°C and relative air humidity up to 70%. Keep out of reach of children!

## HELIX FLEXY FOOD SUPPLEMENT

The food supplement "Helix Flexy" (200ml) contains snail extract and gelatin hydrolysate and is intended for common use as syrup with pleasant apple fragrance. Biochemical analyses show that the snail extract contains enzymes, glycosaminoglycans, glycoproteins, uronic acids and oligoelements (copper, zinc, calcium and iron). Glucosamines are natural components of the human body, which provide strength and elasticity of joint cartilage. They improve the synthesis of hyluronic acid, which lubricates joints and keeps joint surfaces smooth. It facilitates storage and creation of collagen and elastin and thus prevents human body's flexible joints against wear and tear. It is enriched with gelatin hydrolysate, which is quite valuable amino-acid source for the collagen structure.

It has favorable effect on the bone system; strengthens joint cartilages and tendons; stimulates the immune system and has antioxidant and toning effect. It improves joint mobility and the body's general functional condition.

Regular use results in significant decrease of the need of analgetics.

**MANNER OF USE:** 2-3 a day, before meal 5-10 ml.

**STORAGE:** In the original package, at a dry place away from direct sunlight, at temperature up to 25°C and relative air humidity up to 70%. Keep out of reach of children!

## DETOXI LIVER FOOD SUPPLEMENT

Detoxi Liver (200 ml) is a food supplement developed on the basis of wheat mould (*Elytrigia repens*) and *Tribulus terrestris* herbs. The combination of these herbs tones the body and helps it overcome conditions like insomnia, lack of strength and apathy, general strain, short-temper and drowsiness. It also has favourable effect on liver, kidneys and excretory system.

The preparation is suitable for body detoxication after alcohol use. It has an antioxidant effect. It is intended for common use and has peach fragrance. It improves man's potency.

**MANNER OF USE:** 2-3 a day, before meal 5-10 ml.

**STORAGE:** In the original package, at a dry place away from direct sunlight, at temperature up to 25°C and relative air humidity up to 70%. Keep out of reach of children!

## SNAIL LOTION REGENERATING BODY LOTION

The body lotion (200 ml) is ideal for an everyday care for the body skin restoring its beauty and freshness. It contains a rich combination of **nourishing and deeply hydrating natural ingredients**: a snail extract and oils from: rosehip seeds, cocoa, coconut and avocado which intensively moisturize, nourish and regenerate the skin. They make the skin prone to loosening regain its tautness and elasticity.

The **snail extract** is an ingredient with a strong beneficial effect on the skin health and beauty. It **maintains the youthful look of the skin and protects it from striae**. It hastens the cell regeneration. It has a strong **antiseptic effect and soothes the irritated skin**.

The **rosehip seed oil** is suitable for skin with signs of ageing, a lack of elasticity and fresh complexion. The irreplaceable fatty acids it contains (Omega-3 and Omega-6), vitamins and bioflavonoids are exceptionally crucial for the skin. The rosehip seed oil shows excellent results after treating **skin burns, striae, cellulite, scars and dark spots**.

The **avocado oil** has exceptional **moisturizing and regenerating properties**. It restores the skin lipid balance and ensures its **lasting softness and smoothness**.

The **cocoa oil** contains tannic acids which tighten the skin, and caffeine which drains and smoothes it. The vegetable pigments it contains contribute to the regular and lasting skin complexion. It is among the best **natural products combating scars and striae on the skin**.

The **coconut oil** acts as an **effective moisturizer for all skin types** and its effect is especially beneficial for a peeling and dry skin.

The gentle lotion formula softens the skin exceedingly well and restores its elasticity in cases of dehydration and burns (including sunburn). The **chocolate scent stimulates the senses for relaxation**. The lotion is suitable for any skin type, especially for a dry and sensitive skin!

It contains no preserving agents or parabens!

**MANNER OF USE:** Spread on clean and dry skin by massaging movements. It has the most beneficial effect on the skin after having a bath or shower.

**STORAGE:** In original packaging, in a cool, airy place, unexposed to direct sunlight at a temperature of 5-25°C.

## SOAPS

### TOILET SOAPS

Toilet soap (30 g) with snail extracts facilitates the recovery of skin freshness and softness of the skin. It improves its elasticity, softness and strength. It removes impurities and preserves skin's natural moisture. Biologically active components penetrate deeply and recover cells. It has pleasant rose oil fragrance.

### REGENERATING SOAPS

Glycerine soap (28/80 g) with snail extract has fresh and sheer rose oil fragrance. The large amount of glycerine in the soap provides powerful smoothing and moisturizing effect and protection against adverse atmospheric effects. It joins with water and keeps it in the skin. Thus, it reduces the effect of its stress aging due to the damaged water balance in skin cells. The soap removes impurities from the skin and preserves its natural moisture. Biologically active components penetrate deeply and smoothen and soften the skin. The soap improves its elasticity, softness and strength.

**MANNER OF USE:** Soap foam should be applied on the skin, which is wetted skin and is left for about a minute. Rinse thoroughly with water. For long lasting and positive results, we recommend daily usage of the soap in the morning and in the evening, followed by the "Snail Teardrops" serum.

**STORAGE:** To be stored in its original package at temperature 5-25°C, out of reach of children. For external use only.

## SNAIL SHOWER GEL

### SHOWER GEL

Gentle shower gel (200 ml) is made for an everyday use under a special formula for smooth and hydrated skin with a snail extract and D-panthenol. It nourishes the skin, eases the irritation and makes the skin tangibly softer. It smoothes the skin, makes it more elastic and contributes actively to the epidermis regeneration. The unique formula with a snail extract balances the skin p-H and maintains the natural hydro-balance of the epidermis. It cleanses the skin delicately and deeply causing no dryness or irritation. It also hydrates it intensively and deeply. It is delicately scented and contains no allergens and is suitable for all skin types.

**MANNER OF USE:** Apply it with gentle massaging movements. Then wash it out with water.

**STORAGE:** It should be kept in its original packaging at a temperature 5-25°C at places inaccessible for children. It is meant only for external use!

## TEARS OF SNAIL REGENERATING SERUM

The regenerating face serum "Snail Teardrops" (10/30 ml) contains extract from snail *Helix aspersa*, Bulgarian rose water obtained upon distillation of fresh rose blossom of *Rosa Damascena*, D-panthenol and almond oil. The fatty content of the almond oil is most close to the human content and is suitable for every skin type and for every age.

The serum facilitates the penetration of active substances to the deep skin layers and helps for its effective hydration, thus ensuring continuous action of the product and stimulating the energy metabolism and cell natural regeneration.

**MANNER OF USE:** To be applied on clean and dried skin with slight circle massage movements until fully absorbed.

**STORAGE:** To be stored in its original package at temperature 5-25°C, out of reach of children. For external use only.

## MUCOFIX REGENERATING GEL

The regenerating gel "Mucofix" (50/100 ml) is a natural product based on snail extract. Glycopeptides destroy bacteria which are the most common acne and other inflammatory process agents. The structure and contents of collagen and elastin are very close to those of the human body, which facilitates the skin recovery and regeneration processes. Therefore, the regenerating gel "Mucofix" is effective for effacing scars caused by cuts, graze or trauma, diabetes wounds and against burns; it removes skin redness, inflammation and itch; relieves some skin inflammations (such as eczema, dermatitis, psoriasis, etc.); strengthens and nourishes skin, restores its structure.

**MANNER OF USE:** 2-3 times a day, to be applied on problematic skin and to be massaged until fully absorbed. It is suitable both for face and for the body.

**STORAGE:** To be kept in the original package at temperature of 5-25°C, out of reach of children. For external use only.

## SNAIL GEL + Q10

### REGENERATING GEL WITH COENZYME Q10

The regenerating face gel "SnailGel+Q10" (30 ml) with snail extract and coenzyme Q10 is developed on the basis of natural biocomponents that stimulate skin recovery, natural regeneration and rejuvenation. The unique balanced composition of the gel restores the energy micro depots of the dermal cells, efficiently hydrates the skin deeply and prevents adverse impacts of environment and early aging. The gel nourishes, strengthens and protects your skin! The gel active substances nourish and recover skin's natural vitality and elasticity, reduce wrinkles and protect the face against early aging! It is suitable for every type of skin, hypoallergic and does not cause any adverse reactions. To be applied on clean and dried skin in the morning and in the evening by means of slight circle massage movements until fully absorbed.

**MANNER OF USE:** To be applied in the morning and in the evening on clean skin.

**STORAGE:** To be stored in its original package at temperature 5-25°C, out of reach of children. For external use only.

## SNAIL CREAM

### REGENERATING CREAM WITH 24-HOUR HYDRATION

SNAIL CREAM 24 Hours (30 ml) is a regenerating, recovering and hydrating face cream with combined use (day and night). It is all you need to provide your skin the perfect 24-hour hydration. SNAIL CREAM 24 Hours is an innovative product with a powerful hydrating, smoothing and skin brilliance recovering effect. It prevents the skin dehydration, smoothes the rough skin surface and makes it healthy and stable. SNAIL CREAM 24 Hours is a combination of several active ingredients: a snail extract, the precious oils of almond, argan and marigold concrete. It hydrates the epidermis within 24 hours and secures the retaining of the moisture in the skin, reduces itching, redness, the sensation of burning and pain. It prevents the recurrence of skin dryness. The snail extract is a real cocktail of youth! Rich in vitamins A, C and E, collagen, elastine, allantoin and glycolic acid, it is an active ingredient with unique regenerating properties creating the ideal skin. It enhances the skin elasticity, smoothness and complexion and reduces wrinkles. It gives a sense of comfort and freshness. It reduces the visible skin pigmentation disorders and redness. It evens out and refreshes skin complexion. SNAIL CREAM 24 Hours gives a sense of instantaneous freshness and hydration. The cream has a proven efficiency and endows a sense of comfort and freshness with its texture combining cream thickness with gel lightness.

**MANNER OF USE:** It should be applied in the morning and evening over a well-cleansed skin with gentle circular massaging movements until it is fully absorbed.

**STORAGE:** It should be kept in its original packaging at a temperature 5-25°C at places inaccessible for children. It is meant only for external use!

## VENIFIX

### ACTIVE MASSAGE GEL

The active massage gel "Venifix" (100 ml) is a natural product containing extracts of horse-chestnut, marigold and snails. The gel is indicated to strengthen the walls of veins and capillary tube vessels and to ease tired legs. It comprises herb extracts with complementary properties and marked vein protective action and anti-oxidative effect. The extracts penetrate through the skin improving and stimulating the circulation in the blood vessels, muscles and sinews; they stimulate the regenerative processes and reduce the pain and the feeling of heavy legs. It reduces the problems arising from venous insufficiency and varicose veins. It has a painkilling and anti-inflammatory effect in hemorrhoid inflammation and sustains the contraction of the peripheral blood vessels. It nourishes, softens and refreshes and skin of the legs and feet.

**MANNER OF USE:** The gel should be applied by gentle rubbing locally 2-3 times a day for a month. It should be administered once daily as a preventive measure.

**STORAGE:** It should be kept in its original packaging at a temperature 5-25°C at places inaccessible for children. It is meant only for external use!
